WELCOME

Welcome to Grace Christian School of Temecula Valley PSP!

Grace Christian School of Temecula Valley was created to fill the need for a Christian K-12 private satellite program (PSP) that would serve homeschooling families. Our philosophy is to empower parents who desire to teach their children to live by Biblical principles, pursue excellence in academics, develop character with Christ as the example, practice responsible life skills and stewardship, and exhibit good role model behavior. We do not require, nor do we provide, a specific curriculum. Rather, our role is to assist families in their quest to meet the individual needs of each child, while staying within the parameters set forth by the California Education Code. Please note that Grace Christian School is **NOT** an on-campus physical place to attend school.

What is a Private School Satellite Program?

A Private School Satellite Program (PSP) is an organized group of home-educating families who file one affidavit (a state of California private school certificate) on behalf of all its members. Each member of the PSP is considered a private school student, and the parent becomes their homeschool teacher. Private school satellite programs operate under the provision of the California Education Code Section 48222.

OUR MISSION STATEMENT

God centered - Putting God first and allowing all activity in life to flow from the premise that God's priorities are the priorities of the individual.

Raise up a child - Train up a child in the way he should go, and when he is old, he will not depart from it. (Proverbs 22:6)

Accountability - An obligation or willingness to accept responsibility or to account for one's actions.

Creating relationships - Opportunities to connect with other homeschool families and the Grace administration team.

Education - (from 1828 definition Webster Dictionary): EDUCATION, noun [Latin education.] The bringing up, as of a child, instruction; formation of manners. Education comprehends all that series of instruction and discipline which is intended to enlighten the understanding, correct the temper, and form the manners and habits of youth, and fit them for usefulness in their future stations. To give children a good education in manners, arts and science, is important; to give them a religious education is indispensable; and an immense responsibility rests on parents and guardians who neglect these duties.

Private Satellite Program (PSP) California Private School

- A PSP is an organized group of home-educating families who file one affidavit (a state of California private school certificate) on behalf of all its members.
- All the families enrolled are part of this “private school” and the parents are considered the teachers and the children are the students of this satellite school.
- The Administrator will remind you to turn in the required records and course of study.
- Each family is in control of their children’s educational program by selecting their own methods, materials, and curriculum.
- *Co-Op Classes do not replace teaching. You are still required to teach on non-co-op days, have your student complete work, and grade the student’s work.*
- The PSP offers support with educational planning, curriculum suggestions, counseling and record-keeping.
- The PSP holds each student’s cumulative file including attendance records, summary of courses, progress reports and report cards, copy of medical records, and high school transcripts etc. The PSP holds student records until withdrawal and enrollment in another school, or upon graduation.
- PSP’s often offer group activities and field trips for enrolled families to attend if they desire.

OTHER IMPORTANT INFORMATION

EVENTS:

Grace PSP and Grace Homeschool Classes do most events together. For Park Days, Field Trips, Formal Dances, please check the PSP website under "PSP Events." This will be on the dropdown of the "Enrolled" families page which is a password-protected page. You will be emailed the password at the beginning of each school year.

STUDENT CODE OF CONDUCT: For Jr High and High School Students:

On Grace campus or events/dances/field trips, I must

- Use appropriate language and behavior
- Be self-controlled and non-intimidating behavior
- Be in dress code according to the Grace handbook
- Not use or distribute any illegal substances
- Not have or use any weapons or anything construed as a weapon

DRESS CODE: All PSP students and parents must follow the Grace Dress code at all field trips/events/dances, etc. Dress Code - Modesty and respect is our policy. Parents need to check what their child is wearing to Grace events as we do not want to stumble other students. Girls' shorts can only be 3 inches above the knee. All shirts must have a sleeve, so no tank tops will be allowed to be worn even if the weather is warm. And for girls, no showing of cleavage, even when bending over. No leggings worn as pants. No students should wear clothing that shows any undergarments or mid-drifts. Also, questionable logos or brands should not be worn. No clothing or student items should have any skulls, witches, death or "dark" images or messages. For any other dress code or appearance issues, Grace Admin reserves the right to make decisions as they arise. Parents will be called for students who violate dress code and will need to bring the student something else to wear, or they will need to leave campus and miss class. Parents must follow these same guidelines while on campus.

REGARDING DANCES DRESS CODE:

GIRLS: Dresses are to be no higher than slightly above the knee. Spaghetti straps and strapless are fine but no cleavage showing. No halter tops where the sides of the breast are showing. No bellies showing. The dress must be one piece. The back of the dress must touch your shoulder blades; no low back allowed.

BOYS: You must be in dress clothes, suit or tuxedo. Dress slacks and dress shirts with a tie. No T-Shirts, logos or rude statements, drugs or inappropriate images on clothing.

DANCE FORMS: For all dances, this form must be filled out and signed by the student and parents. Photo of the dress code is on the forms. By signing this form you understand the dress code.

If any students come to any dances out of dress code you will have the option of going home, or wearing a Grace sweatshirt the entire dance. You will be put on probation and may not be allowed to attend the next school dance.

GRACE PSP FIELD TRIPS & EVENTS PROTOCOL:

In regard to parent involvement with Grace field trips and events (this is directed mostly to parents of 6-12 grade students). Parents should attend all events/field trips to monitor their own children. Most events /field trips are not chaperoned unless stated, like a school dance where a permission slip is required to attend. If you sign up your child to attend an "on-your-own" event or field trip and you cannot attend, you need to make arrangements with another parent to monitor your student in order for them to attend. We assume, because we are homeschooling, that parents will be responsible for their own children. When students are just dropped off, we have no idea if the student is alone, who they are, and who is responsible for them. Grace is a big homeschool program and not all parents know every student. Students may not even know who to go to for an emergency. Grace creates fun events/field trips for the family to enjoy and for your student to make connections with other homeschool students. This is also a great opportunity for you as the parent to make connections with other homeschool parents. We know this may be hard for some to have to attend or find someone else to be responsible. This can be tricky with high school students and/or students who drive themselves, but Grace cannot be responsible for students who come to events without adult supervision. This is the only way we can make events and field trips a safe environment for your students.

If you are not using a published curriculum, and want to use a "Parent Planned" this must be approved by the PSP office before the start of the school year. If it is approved, you will list the course as "Parent Planned" and give a detailed and complete explanation of the course.

COURSE DESCRIPTION:

A course description for each student enrolled is required. Please provide as much detail as possible; fully describing the type of course your student will be taking. (Some textbooks provide a Scope and Sequence section or you can use the Table of Content to find the information).

GRADE VERIFICATION SHEET:

Your high school student's grade will be determined based on mastery of the course, assessing the overall grades received on quizzes, tests, final essay or research paper, and participation. You will assign percentages and components your grading will be based on: for example tests, quizzes, daily homework, papers, participation and projects, etc. *If your student is taking an outside class through Grace Homeschool Classes, Great Books Tutorial, a junior college, or anywhere outside of your home and receives a grade, you must turn in a copy of the Grade Report you received as the grade verification. COURSE HOUR DOCUMENTATION:

This document records hours for the courses that are parent-planned and do not follow the sequence of a textbook for example, PE, typing, music, life skills, etc. It is your responsibility as the teacher to record how much time has been spent on a parent-planned subject. A semester course has a minimum requirement of 75 hours to be considered completed and will receive 5 credits. A year-long course has a minimum requirement of 150 hours and will receive 10 credits. Course Hour Documentation form is due each semester.

COMMUNITY SERVICE HOURS:

GCS PSP requires a minimum of 60 hours of community service prior to graduation. Community Services hours must be submitted along with your year-end paperwork each year. Students with an SEP need to complete 40 hours.

REPORT CARDS:

A current report card must be kept on file for each student enrolled in GCS PSP. On this form you must have the student's name, age, current school year, and record grades earned during the semester. Your student's GPA will be determined by points received per class taken that semester. Credits are earned per semester, 5.0 per class, this is *different* than the GPA. CSH is how many Community Service Hours your student completed during that semester. All report cards must be signed and dated.

DETERMINING GRADE POINT AVERAGE:

100%-90%	A worth 4 points
89%-80%	B worth 3 points
79%-70%	C worth 2 points
69%-60%	D worth 1 Points
59%-0%	F worth 0 Points

COLLEGE COURSES (Dual Enrollment):

Classes taken at the college level numbered 100 or greater & the units are 3 or above, i.e. English 101, will receive high school & college credit if the student receives a C or better. You will add 1 point to students grade: example a Dual Enrolled English 101 with a grade. GPA credit A = 5 pts, B = 4 pts, C = 3pts.

HONOR COURSES:

This must be determined by the publisher or program the student is enrolled in. Examples of pre-approved curriculum that count as Honors credit ~ Great Books Tutorial, Omnibus, etc. Courses must be approved by the PSP Administrator prior to the start of the class in order to receive honor credit. You will add 1 point to the student's grade: GPA Honor credit A = 5 pts, B = 4 pts, C = 3pts

P.E. (Physical Education)

The grade issued for P.E. is not to be included when factoring GPA. The transcript will show P for passing or F or failing.

CALCULATING THE GPA: Grade Point Average

Add up the points related to each grade received including any F's then divide by the total number of grades. (If your student had 6 courses, 6 grades should be issued.)

A = 4 points B = 3 points C = 2 points D = 1 point F = 0 points

Example:

Bible A = 4

English B = 3

Math C = 2

Science B = 3

History A = 4

P.E. C = 2 (Remember NOT to add in P.E. for overall GPA)

Total Points = 16

Divide 16 by 5 = 3.20 - Grade Point Average includes the hundredths place
